

PUBLIC HEALTH DIRECTOR-OTSEGO COUNTY

Otsego County is seeking a highly qualified individual to serve as the County's Public Health Director. Candidates should possess outstanding leadership, communication and administrative skills. This position involves the responsibility for the administrative, professional and financial operations of the Public Health Department.

Minimum Qualifications: Either;

(a) Graduation from a regionally accredited or New York State registered college or university with a Master's Degree in Public Health, or related field and three years of satisfactory full time public health administrative experience; or

(b) An equivalent combination of training and experience indicating the ability to perform the duties of the job.

***NOTE:** All appointments to the position of Public Health Director must be approved by State Commissioner of Health.*

Salary Range: \$55,000-\$65,000.

Please submit an application and resume to:

Otsego County
