## Subject Matter Expert Information

**Adam Helman** and **Steve Gladding** will be available throughout the workshop as subject matter experts to answer technical questions and provide support as needed to counties during the breakout sessions. Adam is the Director of Emergency Operations and Planning for the Center of Environmental Health at the NYS Department of Health. Steve is Chief of the Operations Section at the NYS Department of Health Bureau of Water Supply Protection.

## Breakout Discussion Questions for Early Contemplation!

- What is your climate and health priority area(s)?
- What adaptation would you like to focus on?
- Are you expanding on an existing activity or starting something new?
- Are you the responsible entity for this adaptation or a “seat at the table”?
- Who else is working on this issue in your agency? In your community?
- Who else could/should be a partner?
