Welcome to the MidMonth April 2018 New York State Department of Health’s e-Distance Learning Newsletter.

In this issue, you will find dates & times for upcoming live trainings, webcasts, webinars, on demand webcasts, and on demand webinars, many available on the www.NYLearnsPH.com Learning Management System (LMS). If you have questions or issues accessing the LMS, or if you need assistance enrolling in any of the programs, please contact the NYSDOH Office of Public Health Practice at edlearn@health.ny.gov.

Check back next month. Some Live Webinars will appear as enduring material in the LMS.

### Public Health Live! Home Visiting - Your Partner in Helping Families

**Thursday, April 19, 2018**

**9-10am**

**Provider:** University at Albany School of Public Health

- **Speakers:**
  - **Heather Daly, MPH**
    - Program Manager, Healthy Schenectady Families
  - **Arielle Burlett, MA**
    - Neighborhood WIC Manager of Community Services

**Public Health Solutions**

Children do not arrive with how-to manuals! Fortunately, there are programs that can help parents enhance their parenting skills. There are eight evidence-based home visiting models implementing programs across New York State. While the models vary in their focus, e.g., healthy pregnancies and childbirth, school readiness, child abuse prevention, all assist parents with skill development and referrals to needed services so children are healthy and ready to learn. All the programs encourage and accept referrals from a variety of community partners such as medical practices, WIC clinics, social service organizations, and public health departments. This webcast will discuss the benefits of home visiting to the clients and to referring agencies, including improved adherence to immunization schedules, reinforcement of health messages delivered during pregnancy and early childhood, and screening for maternal depression and child developmental delays.

After viewing the webcast participants will be able to:

- Describe at least three benefits to participants in home visiting programs;
- List at least two benefits to medical practices or some community-based programs of referring patients/clients to home visiting; and
- Name the eight evidence-based home visiting models in NYS.

**Intended Audience:** Public health professionals in state and local health departments, physicians, physician assistants, nurses, nurse practitioners, other medical providers, community health workers, health navigators, lactation counselors, social workers and others working with families in WIC clinics.
### LIVE WEBINAR

**Who's Leading the Leading Health Indicators? Environmental Quality**

**Thursday, April 19, 2018**  
12-1pm  
**Provider:** Healthy People 2020  
*To view the live webinar, please register here*

Join us to learn about progress made toward achieving the Healthy People 2020 Environmental Quality Leading Health Indicators. This webinar will highlight the harmful health effects of secondhand smoke exposure. You’ll also learn how the Alaska Tobacco Prevention and Control Program is working to eliminate exposure to environmental tobacco smoke.

The environment directly affects health status and plays a major role in quality of life, years of healthy life lived, and health disparities. Poor air quality is linked to premature death, cancer, and long-term damage to respiratory and cardiovascular systems. Exposure to secondhand smoke causes significant health problems in non-smoking individuals in the United States, including heart disease, lung cancer, and asthma. An environment free of hazards, such as secondhand smoke, carbon monoxide, allergens, lead, and toxic chemicals, helps prevent disease and other health problems.

### LIVE WEBINAR

**Using the Whole School, Whole Community, Whole Child (WSCC) Model to Build Bridges and Break Down Silos**

**Tuesday, April 24, 2018**  
1-2pm  
**Provider:** National Association of Chronic Disease Directors and the Alliance for a Healthier Generation  
*To view the live webinar, please register here*

This webinar, co-hosted by the National Association of Chronic Disease Directors and the Alliance for a Healthier Generation, will describe the Whole School, Whole Community, Whole Child (WSCC) model and how it can be used as a framework for integrating health and learning, enhancing coordination within the school district, and increasing collaboration with community partners. Examples from Winston-Salem/Forsyth County Schools (North Carolina) and San Diego Unified School District (California) will demonstrate real-world application of the WSCC model to engage multiple school and community partners to support student health and academic success.

**Learning Objectives:**

At the conclusion of this webinar, participants will be able to:

- Describe how the WSCC model can be used as a framework to improve coordination and integration
- Identify examples of how school districts have used the WSCC model to break down internal silos and build bridges to the community
- Identify resources for further information and support

**Panelists:**

- Laura Rooney, Maternal and Child Health Block Grant Administrator, Ohio Department of Health
- Sara D. Harmon, Program Manager, Health and Physical Education, Winston-Salem/Forsyth County Schools
- Cindy Marten, Superintendent, San Diego Unified School District
- Kate McDevitt, Wellness Supervisor, San Diego Unified School District
### KWIC-20180424

**Role of Race as a Factor in Who Lives in Poverty: Strategies for Equity**

**Tuesday, April 24, 2018**  
1:30-2:45  
**Provider:** Kids’ Well-being Indicators Clearing-house  

This webinar is intended to help participants understand how race plays a role in who is living in poverty and how to apply strategies that promote racial equity and reduce disparities.

To view the live webinar, please register here

To view the webinar recording at a later date, Enroll in the LMS course: [KWIC-20180424](#)

### LIVE WEBINAR

**Workforce Grand Rounds Webinar Series:**  
**Provider Well-Being: Moving from Triple to Quadruple Aim in Clinical Training**

**Tuesday, April 24, 2018**  
1:30-3pm  
**Provider:** Health Resources and Services Administration (HRSA)

Purpose:  
To provide resources and successful implementation examples of Provider Wellness programs within health workforce training programs.  
**Objectives:**  
1. Provide current wellness resources by subject matter experts at the National Academy of Medicine  
2. Highlight successful training examples of resident programs to improve wellness and reduce burnout among the health workforce  
Explore promising approaches to promoting provider well-being through innovations in health workforce education

To view the live webinar, please register here

### LIVE WEBINAR

**Health Equity - Building healthy, equitable communities through equitable laws & policies**

**Tuesday, April 24, 2018**  
2-2:45pm  
**Provider:** ChangeLab Solutions

ChangeLab Solutions invites you to join the Building Healthy, Equitable Communities Series — a virtual space for exploring the topic of health equity. In this multimedia training series, we are examining how law and policy coupled with community power can catalyze new opportunities for everyone to achieve their full health potential.  
Welcome to the first of our six episodes, *Building healthy, equitable communities through equitable laws and policies*, in which we discuss health equity as both a principle and a practice. We kicked off the conversation by blogging about the ways that law and policy can create unintended consequences for local communities. Now we invite you to join us for this webinar where we’ll connect the dots between health equity and law and policy by discussing  
- What health equity means  
- How to bring a health equity approach to law and policy (eg, systems thinking, acknowledging history, building resilience, people-centered policy)  
- How to effect and sustain equitable law and policy change (eg, implementation, evaluation, enforcement, funding and financing)

[ChangeLab Solutions](#)
Wednesday, April 25, 2018
12-2pm

Provider: Division of HIV Medicine at Albany Medical College in partnership with the Northeast/Caribbean AIDS Education & Training Center and the New York State Department of Corrections & Community Supervision, Division of Health Services.

To view the live webinar, please register here
To view the webinar recording at a later date, Enroll in the LMS course: AMC-20180425

CME AMA PRA Category 1 Credit(s) TM
Albany Medical College is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Albany Medical College designates this Live activity for a maximum of 2.0 AMA PRA Category 1 Credit(s) TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Accreditation
Kendra Schreiner, RN, 20685 SW Deline, Aloha, Oregon 97007, (503) 467-6661 is an independent provider approved by the California Board of Registered Nursing and has approved this program for 2.0 contact hours. Provider #15828.

Continuing Pharmacy Education
The Pharmacist Society of the State of New York is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. ACPE# 0170-9999-18-024-L02-P. 2 Contact Hours.

Continuing education credits are limited to those listed above. Disciplines with other continuing education requirements for their professional licenses are encouraged to submit evidence of their participation for reciprocity of credits.

Changing the Narrative: U=U
Johanne E. Morne, MS
Director
AIDS Institute
New York State Department of Health Albany, New York

The Scientific Base for U=U
Oni J. Blackstock, MD, MHS
Assistant Commissioner
Bureau of HIV/AIDS Prevention and Control
New York City Department of Health & Mental Hygiene New York, New York

Moderated by:
Cynthia H. Miller, MD, AAHIVS, Albany Medical College, Division of HIV Medicine and
Carl J. Koeningsmann, MD, Deputy Commissioner & Chief Medical Officer, NYS Dept. of Corrections & Community Supervision

Target Audience:
Physicians, physician assistants, pharmacists, nurse practitioners, nurses, social workers, case managers, mental health practitioners, HIV testers and PrEP coordinators. Other disciplines are welcome to attend.

Learning Objectives:
By the end of the program, the attendee should be able to:

- Explain the U = U Consensus Statement and key organizations which have endorsed it.
- Describe key studies supporting the lack of transmission when people living with HIV have full viral suppression through antiretroviral therapy.
- Review FAQs regarding U = U and public health leaders’ responses.

Questions? Contact John Prokop at 518-262-6864 or prokopw@amc.edu
When Dreams Become Nightmares: Pediatric Narcolepsy

Wednesday, April 25, 2018
1-2:30pm

Provider: Alabama Department of Public Health

Narcolepsy is a sleep disorder characterized by excessive daytime sleepiness, sleep paralysis, and hallucinations when going to or when waking from sleep. Some people with Narcolepsy also have cataplexy, which is a sudden loss of muscle tone or control in the legs, face, trunk, or neck usually in response to emotional stimuli. Patients with narcolepsy have rapid sleep onset, yet their sleep is very fragmented. The age for onset of Narcolepsy symptoms is usually between 10 and 25 years old, but many patients experience a delay of several years between symptom onset and diagnosis, as many providers think of Narcolepsy as a disease which only impacts adults. With timely diagnosis, there are many treatment options to improve quality of life for youth with Narcolepsy. It is essential for there to be a family and professional partnership to arrive at an acceptable plan for treatment.

Program objectives:
1. Describe the symptoms of Narcolepsy, specifically for the adolescent and young adult age range.
2. Discuss current recommendations for management of Narcolepsy in adolescent and young adult patients.
3. Explain the experience of youth and families living with Narcolepsy.
4. Recognize the importance of family-professional partnership to develop a treatment plan for managing Narcolepsy.

Target Audience: Nurses, social workers, health educators, pediatricians, school counselors, school nurses, respiratory therapy staff, and other healthcare professionals and administrators who may provide services to children

Continuing Education: Nurses and social workers (pending)
### APHA-20180426

**Climate Changes Health: Adaptation in Action**

<table>
<thead>
<tr>
<th>Thursday, April 26, 2018</th>
<th>Learn about the Centers for Disease Control and Prevention’s BRACE, or Building Resilience Against Climate Effects, framework and climate adaptation steps taking place in states across the nation to prevent the health threats related to climate change. This webinar will bring to life the Adaptation in Action, Part II: Updated Grantee Success Stories from CDC’s Climate and Health Program report, which highlights successful ways communities have responded to the challenge of climate change.</th>

ATTENTION LOCAL HEALTH DEPARTMENT (LHD) STAFF

NEW 2018 Versions of Mandated Continuing Education for Staff in the following titles:

· Public Health Nurse 2 (PHN2)
· Supervising Public Health Nurse (SPHN)

BACKGROUND: The New York State Sanitary Code requires all staff hired, to the above titles, after August 20, 2008 must complete 15 credits of continuing education within the first year of employment. In 2008, Continuing Education (CE) Programs were developed to meet the continuing education requirement for these three titles, free of charge. The CE Programs for these titles were recently revised to provide updated course content.

These NEW Continuing Education (CE) Programs for 2018 replace all previous versions. If you were hired under one of these titles after August 20, 2008 –AND– have not yet completed the CE Programs for your title, then you will need to enroll in and complete the ALL NEW 2018 version of the programs.

Visit: https://www.nylearnsph.com/Public/Catalog/program.aspx

FREQUENTLY ASKED QUESTIONS (FAQs)

Q: What if I am currently enrolled in Continuing Education (CE) Programs for PHEd, PHN2 and/or SPHN Titles?

A: You can contact LMS Administration at edlearn@health.ny.gov or call 518-473-4223 and speak with Tom Reizes who can review your progress/status in the program.

Q: Why have a new version of the CE Programs?

A: CE Programs have been updated to include new courses that have been developed to better address the professional competency standards, address outdated content and meet the needs of staff new to the title in question.

Q: Will there be overlap in the coursework required by the old and new CE Programs? If yes, will I receive credit for common courses that I have already completed?

A: Yes, in some cases there will be overlap. For any courses that are common to both the old and newer versions of a CE Program in question your enrollment/completion status will be maintained.

If you have any other questions regarding either of these CE Programs how to complete a program; if you having difficulty enrolling in and/or completing existing programs or any courses included within the programs, please email: edlearn@health.ny.gov or call 518-473-4223 and speak with Tom Reizes or Abbey Greenbaum.
