

e-Distance Learning

Department of Health

Office of Public Health Practice

March 2020

Welcome to the **March 2020** New York State Department of Health's e-Distance Learning Newsletter.

In this issue, you will find dates & times for upcoming live trainings, webcasts, webinars, on demand webcasts, and on demand webinars, many available on the www.NYlearnsPH.com Learning Management System (LMS). If you have questions or issues accessing the LMS, or if you need assistance enrolling in any of the programs, please contact the NYSDOH Office of Public Health Practice at edlearn@health.ny.gov.

Check back next month. Some Live Webinars will appear as enduring material in the LMS.

Reg2PHTC-L2L202003

**Log-In2Learn -
Trauma Informed Systems Change**

Tuesday, March 3, 2020

12-1pm

Provider: Region 2 Public Health Training Center

Registration Link: <https://tinyurl.com/March-L2L>

Livestream

Link: <https://livestream.com/r2phtc/TraumaInformedSystems>

To view the webinar recording at a later date, Enroll in the LMS course: [Reg2PHTC-L2L202003](#)

Join the Region 2 Public Health Training Center for their March Log-in2Learn live webinar. Participants will learn about how to utilize trauma informed principles in organizational policy and program development from Ali Mateo Belen, MSW.

After the webinar, participants will be able to:

- Develop a shared understanding of the importance of viewing trauma on a systems level
- Identify how to utilize trauma informed principles in organizational policy and program development
- Explain the stages of trauma informed organizational change development and implementation

CHRR-20200303

Making the Most of the 2020 County Health Rankings Release

Tuesday, March 3, 2020

3-4pm

Provider: County Health Rankings & Roadmaps

[To view the live webinar, please register here](#)

To view the webinar recording at a later date, Enroll in the LMS course: [CHRR-20200303](#)

How healthy is your county? For more than a decade, County Health Rankings & Roadmaps has shown that where you live matters to how well and how long you live. This March will be the 10th anniversary of the County Health Rankings release, and we want you to be ready to take advantage of the attention and excitement of this year's release. Join us for our March 3rd webinar to explore what's new in the 2020 County Health Rankings, including:

- Interactive features on the County Health Rankings & Roadmaps website.
- Tips for using highlighted tools and resources.
- Guidance on how to use the Rankings release to inspire action in your community.

LIVE WEBINAR

Walkability at the Ballot Box

Wednesday, March 11, 2020

2-3pm

Provider: America Walks

[To view the live webinar, please register here](#)

It's an election year, so it's especially important that our elected officials and decision-makers are educated about issues that are important to our families and communities. Join us for the webinar **"Walkability at the Ballot Box" on March 11, 2020 at 2pm Eastern** as we explore ways to engage with candidates and local officials to prioritize walkability initiatives. This webinar is intended for those just starting out on the walking path as well as those interested in learning more about the topic.

Attendees of this webinar will:

- Explore strategies to engage local elected officials and other decision-makers around community issues related to walking and walkable communities
- Consider ways to support walking and walkable communities in this election cycle and beyond
- Gain knowledge about federal transportation issues and ways rethinking transportation in the US can put people first

UASPH-PHL20200319

Public Health Live! Person-Centered Healthcare in Planning and Practice

Thursday, March 19, 2020

9-10am

Provider: UAlbany School of Public Health

[To view the live webinar, please register here](#)

To view the webinar recording at a later date, Enroll in the LMS course: [UASPH-PHL20200319](#)

Celebrating 20 years of exemplary education for the public health workforce. 1999-2019

Speakers:

Tanya M. Richmond MSW, LCSW

Partner, Support Development Associates, LLC

Kate Barkley, MS

Care Manager, Fort Hudson Care Management

This webcast will present a conceptual understanding of person-centered planning and practice, focusing on improved individual outcomes and quality of life. Enhancing person-centered practice aligns with the *Home and Community-Based Services (HCBS) Final Rule* (under federal Medicaid law), which sets requirements for care planning. The evolution towards person-centered practice has been challenging for New York's large and complex system because it involves dramatic shifts in policies governing service systems, organizations embedded in traditional models, and in the roles and relationships with those receiving services. This webcast will address the evolution of person-centered thinking, discuss person centered planning and practice as an expectation in the context of the HCBS Final Rule, and discuss the balance between the concepts of "important to" and "important for." The webcast will emphasize the universality of person-centeredness regardless of situation, life circumstance, or age, as well as how the philosophy and core concepts of person-centered planning are being put into practice in care management settings.

After viewing the webcast, participants will be able to:

- List person-centered planning standards of the Medicaid HCBS Final Rule;
- Explain the balance between what is 'important to' a person and what is 'important for' a person; and
- Describe how buy-in to person-centered thinking, planning and practice improves overall patient healthcare outcomes.

Target Audience: Physicians, physician assistants, nurses, nurse practitioners, pharmacists, social workers, care coordinators, community health workers and certified public health workers

New OnDemand Webinars from February 2020 Available on the NYLearnsPH.com LMS

ADPH-20200204

Understanding Substance Use Disorders and Addiction: A Public Health Perspective

Originally Aired February 4, 2020

Provider: Alabama Department of Public Health

Enroll in the LMS course: [ADPH-20200204](#)

As public health professionals our core functions of assessment, policy development and assurance are critical in addressing the opioid epidemic as the leading public health crisis today. In this training, designed specifically for Public Health professionals, participants will have the opportunity to explore Substance Use Disorders (SUD) and the current opioid epidemic through a Public Health lens.

Public Health Live!

Caregiver and Patient Health in Alzheimer's Disease Policy and Systems Change

Originally Aired February 20, 2020

Provider: UAlbany School of Public Health

Enroll in the LMS course: [UASPH-PHL20200220](#)

The population of people identified with Alzheimer's disease or another dementia is rapidly growing, as is the need for caregivers to support them. The burden of caregiving can exacerbate health challenges caregivers will normally face, particularly as the disease in those they care for decline and needs increase. In this webcast, viewers will receive information on maintaining the health of those with dementia *and* their caregivers and on the policies and systems that necessary to support this care, including the value of early diagnosis, activities for maintaining good health, and supports for caregivers. In order to ensure that providers in clinical, community and religious institutions understand the needs in this burgeoning epidemic of Alzheimers Disease, the discussion will focus on the imperative to "create policies and systems that enable caregivers to perform their duties without compromising their own health and economic well-being"(Hoffman, Aging Science & Mental Health Studies, Aug 2019).

Centers for Disease Control & Prevention (CDC)

Want to learn about policy? Here are three Policy Courses designed to meet NYS Training Needs identified by *PH-WINS*

Introduction to Policy Analysis in Public Health [CDC-PolAnalysis](#)

The 90-minute *Introduction to Policy Analysis in Public Health* course, designed for public health practitioners, introduces the learner to the CDC policy process and provides specific instruction on the policy analysis component of the process. Instructional content will result in the learner having a better understanding of what policy analysis is, its use in proactively assessing policy options under consideration, and how it can contribute to public health's role in policy.

Introduction to Policy Evaluation in Public Health [CDC-PolEval](#)

The two-hour online *Introduction to Policy Evaluation in Public Health* course, designed for public health practitioners, introduces the learner to the use of policy evaluation in public health and provides specific instruction on applying evaluation methods throughout a policy process. Instructional content describes what "policy evaluation" is and will enable the learner to have a better understanding of how to apply the Centers for Disease Control and Prevention (CDC) Evaluation Framework to conduct an evaluation of adopted policies that may impact public health.

Coming Soon

Introduction to Economic Evaluation in Public Health [CDC-EconEval](#)

The one-hour *Introduction to Economic Evaluation in Public Health* course provides a broad overview of economic evaluation methods with illustrative examples from public health. It will help the learner understand and apply economic evaluation findings to their public health work.

Four **NEW** Courses from Region 2 Public Health Training Center Strategic Skills Training Series

The Strategic Skills Training Series developed by the Region 2 PHTC aims to help prepare public health practitioners to develop the practices and competencies associated with being a Chief Health Strategist. The modules in this series use the community health improvement planning process to introduce you to the basics of the following four strategic skills areas. This first set of modules have been developed at an introductory level; the next parts of the series will build on these foundational modules.

[Reg2PHTC-Systems Thinking](#) - Strategic Skills Training Series: Introduction to Systems Thinking

[Reg2PHTC-Persuasive Communication](#) - Strategic Skills Training Series: Introduction to Persuasive Communication

[Reg2PHTC-Change Management](#) - Strategic Skills Training Series: Introduction to Change Management

[Reg2PHTC-Childhood Obesity](#) - A Systems Approach to Understanding Childhood Obesity

Role of Behavioral Health in Medicaid Managed Care	Enroll in LMS: Reg2PHTC-MEBH4

MEASURING HEALTH DISPARITIES

This interactive course focuses on some basic issues for public health practice - how to understand, define and measure health disparity. We examine the language of health disparity to come to some common understanding of what that term means, explain key measures of health disparity and show how to calculate them. The course provides a durable tool that is useful to daily activities in the practice of public health.

This training was originally released in 2005. Given its success as a foundational resource, updates were made in 2017 for this **improved, web-based version**.

Audience

The course is designed to be accessible to a broad audience of practitioners across all sectors of the public health and related workforce who are concerned about the issue of health disparity. Parts III and IV are more technical; although not required, it is helpful to have a background in statistics, epidemiology, or other related sciences for ease of understanding these sections.

Learning Objectives

By the end of the first content section (which includes Part I What are Health Disparities? and Part II Issues in Measuring Health Disparities), you will be able to:

- Identify the dimensions of health disparity as described in Healthy People 2020
- List three definitions of health disparity
- Interpret health disparity in graphical representations of data
- Explain relative and absolute disparity
- Describe how reference groups can affect disparity measurement

By the end of the second content section (which includes Part III Measures of Health Disparities and Part IV Analytic Steps in Measuring Health Disparity), you will be able to:

- Describe at least three complex measures of health disparities
- List strengths and weaknesses of at least three health disparity measures
- Summarize the analytic steps in measuring health disparity

What this means for you:

Anyone can participate in this course at no cost. Continuing education credits are available for \$9 and only available to those who have not already completed the original version of the course.

3.0 Nursing Contact Hours

3.0 CHES Category I CECH

Certificate of Completion

The Michigan Public Health Training Center at the University of Michigan School of Public Health is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. Nursing contact hours expire March 31, 2019.

The Michigan Public Health Training Center is a designated provider (ID# 99038) of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc.

CLIMATE AND HEALTH COURSES

The **Climate and Health Team** at the New York State Department of Health has developed two new courses to describe the adverse health effects climate can have on health and to prepare public health leaders in the field. As climate change becomes more apparent, extreme weather events and natural disasters are expected to increase in size and intensity. It is crucial that public health leaders are prepared for the impacts climate change may have on their programs and the people they serve.

“**Heat and Health in New York State**” is intended to educate social service providers and community leaders in preventing heat's adverse health effects among vulnerable populations. “**WIC and Climate Change in New York State**” describes the impacts of climate change and what it may mean for WIC programs. Both courses provide evidence of the climate changing, how people may be affected, and resources or mitigation strategies in response to the changing climate.

Visit the course pages to learn more.

ATTENTION LOCAL HEALTH DEPARTMENT (LHD) STAFF

2018 Versions of Mandated Continuing Education for Staff in the following titles:

- **Public Health Nurse 2 (PHN2)**
- **Supervising Public Health Nurse (SPHN)**

BACKGROUND: The New York State Sanitary Code requires all staff hired, to the above titles, after August 20, 2008 must complete 15 credits of continuing education within the first year of employment. In 2008, Continuing Education (CE) Programs were developed to meet the continuing education requirement for these three titles, free of charge. The CE Programs for these titles were recently revised to provide updated course content.

These NEW Continuing Education (CE) Programs for 2018 replace all previous versions. If you were hired under one of these titles after August 20, 2008 –AND– have not yet completed the CE Programs for your title, then you will need to enroll in and complete the ALL NEW 2018 version of the programs.

Visit: <https://www.nylearnsph.com/Public/Catalog/program.aspx>

FREQUENTLY ASKED QUESTIONS (FAQs)

Q: What if I am currently enrolled in Continuing Education (CE) Programs for PHEd, PHN2 and/or SPHN Titles?

A: You can contact LMS Administration at edlearn@health.ny.gov or call 518-473-4223 and speak with Tom Reizes who can review your progress /status in the program.

Q: Why have a new version of the CE Programs?

A: CE Programs have been updated to include new courses that have been developed to better address the professional competency standards, address outdated content and meet the needs of staff new to the title in question.

Q: Will there be over-lap in the coursework required by the old and new CE Programs? If yes, will I receive credit for common courses that I have already completed?

A: Yes, in some cases there will be overlap. For any courses that are common to both the old and newer versions of a CE Program in question your enrollment /completion status will be maintained.

If you have any other questions regarding either of these CE Programs how to complete a program; if you having difficulty enrolling in and/or completing existing programs or any courses included within the programs, please email: edlearn@health.ny.gov or call 518-473-4223 and speak with Tom Reizes or Abbey Greenbaum.
