Welcome to the September 2021 issue of the Aware Prepare (AP) Update. The AP is your bi-monthly guide to upcoming trainings related to preparedness, readiness and response. These trainings may be provided in one or more of the following formats, including: live webcasts, webinars and in-person training; archived webcasts, webinars and on demand eLearning. Questions or submissions, email: edlearn@health.ny.gov

Feeling stressed by the COVID-19 epidemic? You are not alone. Call the NYS Emotional Support Helpline 7 days a week, 8am-10pm at 1-844-863-9314.

Remember, mental health resources are available for New Yorkers who need them. Even though it’s officially summer and New York continues to reopen and rebuild, we can't underestimate the mental and emotional strain of the pandemic. New Yorkers can visit http://headspace.com/ny for free mindfulness resources or call our support hotline at 1-844-863-9314.
# Introduction to the Health Commerce System

**CTI-100**

**Introduction to the Health Commerce System**

Wednesday, September 8, 2021, 1-2pm

**Provider:** NYSDOH Commerce Training Institute  
**Average Completion Time:** 1 hr  
**Continuing Education credits:** No  
**Enroll in LMS Course:** [CTI-100](#)

The redesigned Health Commerce System (HCS) became available in March 2010. The HIN and HPN were recreated as the Health Commerce System portal, or HCS. There is no longer a separation between the HPN and HIN.

**Objectives:**
- Identify the major elements of the HCS architecture  
- Identify the features of the HCS  
- Demonstrate strategies to customize the portal for your own use.

---

# Integrated Data Reporting in HERDS v.3

**CTI-120**

**Integrated Data Reporting in HERDS v.3**

Wednesday, September 15, 2021 11am-12pm

**Provider:** NYSDOH Commerce Training Institute  
**Webinar:** Yes  
**Average Completion Time:** 1 hr  
**Continuing Education credits:** No  
**Enroll in LMS Course:** [CTI-120](#)

This course provides a solid foundation for adult care facilities, home health agencies, hospices, hospitals, LHCSAs, nursing homes and extension clinics to report data using the HERDS v.3 application. The course will begin with a look at how to obtain access to HERDS and how facilities will be notified when there are activities to be completed. Learners will then be provided demonstration of the new reporting platform. The session concludes with a brief overview of the pre-selected reports available from the application. This course is presented in a one-hour session via WebEx Training Center.

**Objectives:**
- Locate and modify the person record.  
- Explain the importance of the person record in relation to HERDS.  
- Demonstrate the ability to review assigned roles.  
- Locate and access HERDS.  
- Describe the overall structure of HERDS activities.

---

# Communications Directory Certification

**CTI-200**

**Communications Directory Certification**

Thursday, September 16, 2021, 2-3:30pm

**Provider:** NYSDOH Commerce Training Institute  
**Webinar:** Yes  
**Average Completion Time:** 1.5 hrs  
**Continuing Education credits:** No  
**Enroll in LMS Course:** [CTI-200](#)

This course provides a comprehensive review of the Health Commerce System Communications Directory, the underlying records that make up the directory, and the tools all HCS users can use to access the directory. This two-hour course will begin by examining the structure of the directory and differentiating between the actual contact information records stored for each person in the directory, and the facilities and roles those records can be associated with. Once the structure of the directory has been examined learners will review and have an opportunity to practice with the applications used to access the information stored in the directory. At the conclusion of this course learners will be able to:
  - List the components of the Communications Directory  
  - Summarize how the components are related and work together  
  - Summarize the HCS emergency call down procedure, describing the role the Communications Directory plays.
### CTI-300

**Integrated Health Alerting and Notification System (IHANS) Training & Certification**

Tuesday, September 14, 2021, 1-4pm  

**Provider:** NYSDOH Commerce Training Institute  
**Webinar:** Yes  
**Average Completion Time:** 3 hrs  
**Enroll in LMS Course:** [CTI-300](#)

This course covers all information necessary to begin the certification process for using the Integrated Health Alerting & Notification System. Participants will receive hands on practice with the tools and be offered an opportunity to complete certification.

Users who wish to complete certification are strongly encourage to send an advance message to any audience they may broadcast to as part of the certification process. Typically course participants broadcast a sample notification to their HIN Coordinators (LHDs) or Directory Coordinators (NYSDOH).

### CTI-502

**New York State Evacuation of Facilities in Disasters Systems (eFINDS) version 3.0**

Wednesday, August 25, 2021, 10-11am  
Friday, September 24, 2021, 11am-12pm  

**Provider:** NYSDOH Commerce Training Institute  
**Webinar:** Yes  
**Average Completion Time:** 1 hr  
**Enroll in LMS Course:** [CTI-502](#)

The New York State Evacuation of Facilities in Disasters Systems (eFINDS) is the patient/resident tracking application housed on the Health Commerce System (HCS). This course provides a solid foundation for registering and updating patient/resident location information during an incident or event, such as a storm, flood, non-natural incident or practice exercise/drill. Course participants will be provided a demonstration of the eFINDS application including: eFINDS Data Reporter and eFINDS Data Administrator role permissions; how to register a patient/resident with a scanner and without; use a spreadsheet to register multiple patient/residents; update patient/resident tracking information as an evacuating facility, and as a receiving facility. The session concludes with hands-on exercises.
New and Upcoming Live Events - September 2021
Note: *Some items are marked with NEW! generally indicating that the promotion is new to this edition of the Aware Prepare Update.*

Free, self-paced trainings from the Public Health Law Academy. Nine courses provide training on our legal system and how to use law as a tool for improving health. These online trainings are for public health professionals, public health lawyers, educators, and students. Start your training with the Public Health Law Academy: [https://go.usa.gov/xHUkB](https://go.usa.gov/xHUkB)

MGT-470: Establishing Collaborative Case Management Services. NCDP instructor-led training on Housing Disaster Recovery launched in April. If you are interested in hosting this training in your community, please contact us at crladmin@columbia.edu and put MGT-470 and your state in the subject line.

Society of Critical Care Medicine has funding available to bring [FREE critical care training](https://go.usa.gov/xHUkB) to U.S. Federally Qualified Health Centers that receive funds from the Health Resources & Services Administration Health Center Program or are members of the Indian Health Services. Up to 35 training programs will be funded through September 29, 2021. SCCM financial awards will be distributed to course sites to host these courses in person or online:

- Fundamental Critical Care Support (FCCS)
- Pediatric FCCS
- FCCS: Obstetrics
- FCCS: Resource Limited

K0419 Shelter Field Guide Training for State and Local Communities (Virtually Facilitated) - The course is designed for use with its companion piece, the Shelter Field Guide. There are no prerequisites required for this course.

**Course Length:** Total Time: 10 hours over 2 days. Class Time: 8 hours (EST)

**Course Dates:**
- August 24, 25 12-5pm
- September 28, 29 11am-4pm
- October 26, 27 12-5pm
- November 16, 17 12-5pm
- December 15, 16 12-5pm

To download the Shelter Field Guide document and view the full webinar schedule, visit [COVID-19 Pandemic Operational Guidance Webinars | FEMA.gov](https://www.fema.gov/coronavirus). Advance registration is required for the webinars and admission is on a first-come, first-served basis.

To Apply: Prospective students should apply through the Emergency Management Institute’s online admissions system and must also register for the course by clicking on the link here: [form.jotform.com/211375851576058](https://form.jotform.com/211375851576058)

**FEMA Master Public Information Officer Program (MPIOP) Three-Course Series**

The MPIOP prepares Public Information Officers for an expanded role in delivering public information and warning using a strategic whole community approach. [Click here for more info](https://www.fema.gov/coronavirus) (Training Opportunity 1661) Target Audience: PIOs with minimum of 5 years experience.
Stress First Aid for Long-Term Care
Sponsored by the Finger Lakes Geriatric Education Center at the University of Rochester Medical Center, the Ithaca College Gerontology Institute, and the National Center for Post-Traumatic Stress Disorder. The online module, is a self-care and peer support model adapted specifically for long-term care health care personnel.

NEW! The Finger Lakes Geriatric Education Center at the University of Rochester Medical Center in partnership with the Ithaca College Gerontology Institute and the National Center for Post-Traumatic Stress Disorder are pleased to present this new online resource to support long-term care workforce during the time of the COVID-19 Pandemic response.

“We know that our long-term care settings have been disproportionately affected by COVID-19 with high rates of infection and mortality of vulnerable residents, while the direct care workforce in these settings have been the unsung heroes providing compassionate care in incredibly challenging circumstances - staffing shortages, PPE shortages, limits on family visitation, and high rates of exposure and infection among health care workers. Our frontline workers deserve the best support and training in these challenging times.”

Thomas V. Caprio, MD, MPH, MS, CMD, HMDC, FACP, AGSF, FAAHPM
Director, Finger Lakes Geriatric Education Center

The online module, Stress First Aid for Long-Term Care, is a self-care and peer support model adapted specifically for long-term care health personnel.

Access this FREE training by creating an account here:
https://collabornation.net/login/geriatriceducation For more information, visit the FLGEC website.

New instructor-led training
This course is designed to provide learners with information on collaborative disaster case management processes and programs. Some of the areas covered in the course include the purpose of disaster case management, the role of stakeholders and partners, and strategies to effectively implement immediate and long-term disaster case management programs. The curriculum will include opportunities to develop stronger partnerships between the public and private sectors, provide checklist-based resources for use in a pre- and post-disaster environment, and best practices for enhancing collaborative case management services.

If you are interested in hosting this training in your community, please contact us at crlcadmin@columbia.edu and put the course number (MGT-470) and your state in the subject line.
Upcoming and Recent CDC COCA (Clinician Outreach and Communication Activity) Calls: [https://emergency.cdc.gov/coca/calls/index.asp](https://emergency.cdc.gov/coca/calls/index.asp)

2019 Evacuation Plan Template Update
Recorded Sessions for Nursing Homes and Adult Care Facilities

Background

The Office of Health Emergency Preparedness (OHEP) is pleased to announce the release of the updated 2019 evacuation plan template. The 2019 template will serve as a revision to the previously released version.

Goal

To review the updates and revisions included in the updated 2019 Nursing Home and Adult Care Facility Evacuation Plan templates.

Target Audience

Nursing Home and Adult Care Facility staff responsible for emergency preparedness and evacuation planning

Note

Facilities are not required to adopt or use updated templates. It is strongly encouraged for facilities to review the updated documents and include in plan updates as needed or appropriate.

NYSDOH Faculty

Katharine Logan
Health Care Preparedness Coordinator 1 Office of Health Emergency Preparedness

Comprehensive Emergency Management Plan Training Online Training Module

Background
The purpose of the New York State Department of Health (NYSDOH) Comprehensive Emergency Management Plan (CEMP) Training is to provide personnel at adult care facilities across the State of New York with the information and tools to develop a CEMP to prepare for, respond to, and recover from natural and man-made disasters.

Training Objectives
• Facilitate staff familiarity with CEMP purpose, use, development, and implementation.
• Empower facilities to be self-sufficient for 72 hours after an incident.
• Enable facilities’ timely determination and implementation of protective actions.
• Foster collaboration and coordination with facility emergency response partners
• Build the foundation for a risk-based CEMP and emergency preparedness program.
• Empower facilities to use the Incident Command System to respond to emergencies.
• Empower Facilities to identify critical information to protect and disseminate during an incident.

Target Audience
Nursing Home or Adult care facility personnel that will be involved in facility level emergency planning (strongly recommended for Administrators and Safety / Security / Plant Managers).

Prior completion of FEMA IS-100.C strongly encouraged.
Training produced by Hagerty Consulting, Inc.

Training Module
Training delivered though an interactive online module that can be found using the registration information below or by clicking here:

To enroll in the training, please go to www.NYLearnsPH.com and either register or login to the LMS. Search Course Catalog for: OHEP-CEMPONLINE OR click this shortcut to the course enrollment page on the LMS.

NOTE - PLEASE READ - Please verify your contact information in your LMS profile when registering. All required course materials will be sent using the e-mail address listed in the LMS.
NEW! ClinOps-202108 August ClinOps Webinar Wednesday, Aug 18 2021
The August 2021 ClinOps webinar provides training and demonstration by New York State Department of Health Division of Epidemiology staff on how to identify and correct data integrity issues for COVID-19 vaccination Operations in CDMS and NYSIIS. As the volume of vaccination Operations becomes more manageable, it is critical that we take time to review and assure the accuracy of the vaccination records that we have created. Completing these quality control steps will assure that patients have the proof of vaccination they need, and that we have accurate data for reporting that we need. We will discuss strategies to identify and correct errors and demonstrate our tips and tricks on finding missing information to assure the accuracy and completeness of vaccination records.

ClinOps-202010 October ClinOps Webinar - CDMS v.7.0 Part II
This webinar will feature a presentation by NYS DOH Division of Epidemiology staff and provide further training on the new Countermeasure Data Management System (CDMS) Version 7.0 application and continued presentation of current functionality and enhancements.

ClinOps-202008 August ClinOps Webinar - CDMS v.7.0 Introduction
This webinar will feature a presentation by Julie Schenkman, Kevin Buettner, and Matthew De Lafayette from the DOH Information and Technology Services providing a preview to the new Countermeasure Data Management System (CDMS) Version 7.0 application planned for introduction this Fall.

This webinar outlines the data from the BP-1X (2018-2019) Site Activation, Staff Notification, Acknowledgement and Assembly and Facility Setup drills that are completed in either HERDS or DCIPHER by all counties as a part of the BPR-10 deliverable. The goal is to provide background information on what data and information the drills provide us, and to take a step further by comparing across regions to determine potential gaps and drive future guidance and exercise development.

ClinOps-201910 Adverse Events: Mitigation, Identification and Reporting
The October 2019 Medical Countermeasure (MCM) Clinical Operations webinar will include the working definition of an adverse event and the prevention and mitigation strategies done through accurate medical screening and onsite quality review. The presentation will include methods to identify adverse events, including side effects, contraindications and administration/documentation errors. Follow up and reporting requirements will also be reviewed. A question and answer period will be made available.

ClinOps-201907 Infection Control and Injection Safety at Points of Dispensing
The July 2019 Medical Countermeasure (MCM) Clinical Operations webinar will provide an overview of required clinical infection control practice standards at Points of Dispensing. This webinar will also highlight safe injection practices, recommendations for POD infection control procedures, oversight of infection control standards and recommendations for Just in Time Training.

If you are looking at a print version of this document, please search the www.NYLearnsPH.com LMS Course Catalog for the course numbers above.
### Heat and Health in New York State

**Enroll in LMS:** [NYSDOH-Climate1](#)  
Intended to educate social service providers and community leaders in preventing heat’s adverse health effects among vulnerable populations.

### WIC and Climate Change in New York State

**Enroll in LMS:** [NYSDOH-Climate2](#)  
Describes the impacts of climate change and what it may mean for WIC programs. Both courses provide evidence of the climate changing, how people may be affected, and resources or mitigation strategies in response to the changing climate.

### Climate Change and Public Health 101 - Northeast Edition

**Enroll in LMS:** [BRACE-Climatet101](#)  
20 minute online course! This course focuses on the public health impacts from climate change that are of most concern to the Northeast and what local health departments can do to mitigate and prevent them.

### NYS Department of Health: Climate & Health Profile (Originally Aired March 30, 2016)

**Enroll in LMS:** [Reg2PHTC-Climate1](#)  
Presenter: Asante Shipp Hilt  
The webinar will describe the changing NYS climate, climate-related health impacts, vulnerable populations, methods for assessing vulnerability, challenges and opportunities, existing NYS initiatives and collaborations, and implementation of the NYSDOH Climate and Health Strategic Map.

### Climate Change and Zoonoses Overview

**Enroll in LMS:** [UASPH-CPHP-2016](#)  
This presentation provides an introduction and overview of climate change and zoonotic diseases, the potential impact of climate change on human and non-human animal health, vulnerable populations, and activities to address the risk including the One Health approach, mitigation, and adaption. Risks are summarized world-wide.

### National Weather Service: Hazard Simplification Partner Webinar

**Enroll in LMS:** [NWS-20200723](#)  
National Weather Service: Hazard Simplification Partner Webinar  
Sponsored by National Weather Service  
Originally Aired Thursday, July 23, 2020

### Public Health Live! Climate Smart Communities: Connections With Public Health

**Enroll in LMS:** [UASPH_PHL20190516](#)  
Speakers: Dazzle Ekblad, Climate Policy Analyst, Office of Climate Change, New York State Department of Environmental Conservation  
Neil Muscatiello, M. S., Research Scientist and Principal Investigator Climate Ready Cities and States Initiative/Building Resilience Against Climate Effects, New York State Department of Health

### Climate Change and Health Equity: Tribal Challenges and Actions

**Enroll in LMS:** [TPEH-20201215](#)  
The Tribal Public and Environmental Health Think Tank, in partnership with APHA and with support from CDC’s National Center for Environmental Health/Agency for Toxic Substances and Disease Registry, invites you to join a conversation on climate and health in tribal communities.
## CDC-CERC-01

### Crisis and Emergency Risk Communication (CERC)

**Provider:** Centers for Disease Control & Prevention  
**Course Updated:** 6/26/2018  
**Average Completion Time:** 2hrs  
**Continuing Education:** 0.2 CEUs  
**Enroll in LMS Course #:** [CDC-CERC-01](#)

At the conclusion of the training, the participant will be able to do the following:
- Explain Crisis and Emergency Risk Communication (CERC) principles.
- Describe the psychology of a crisis and the type of messages each audience needs.
- Explain how to tailor messages.
- Define core concepts of crisis communication planning.
- Explain the roles of the media and spokesperson.
- Describe the benefits of social media and mobile media devices.

## SNS-101

### SNS Overview

**LMS Course Completion Requirement:**  
“Message” TRAIN Certificate to Course Administrator  
**Continuing Education:** 1 CHES; 1 CME; 0.1 Continuing Nursing Education; 1 MCHES  
**TRAIN CE Course #:** WB 2273  
**Course ID:** 1041004  
**Enroll in LMS Course #:** [SNS-101](#)

The course is designed to provide basic background information and definitions of federal agencies, stakeholders and other partners that will help understand all SNS operations during a public health event. The SNS Overview Course will fill the professional practice gap by providing the states and local agencies with information to manage SNS assets that may be deployed to sites during a public health emergency. The participants will learn the levels of support provided by the SNS, and the response concepts, the planning functions needed for consideration and operational requirements for receiving, distributing and dispensing of SNS material.

## SNS-103

### Closed Point of Dispensing Considerations: an SNS Perspective

**LMS Course Completion Requirement:**  
“Message” TRAIN Certificate to Course Administrator  
**Continuing Education:** 1.5 CME; .14 ACPE-Contact Hours; 1.4 ANCC: Contact Hours Continuing Nursing Education; 1.5 MCHES  
**TRAIN Course ID:** 1055915  
**Enroll in LMS Course #:** [SNS-103](#)

The Closed POD Planning course provides state and local agencies with information to manage Closed POD sites during a public health emergency. It covers planning functions for designing a system to quickly dispense prophylactic medications to the employees and their families. The course introduces common terminology and concepts of mass dispensing at the community level. Some locations may use other terminology.
### CDC-RAD

**Radiation Basics Made Simple**

<table>
<thead>
<tr>
<th>Average Completion Time: 1.5 hrs</th>
<th>The Centers for Disease Control and Prevention, Radiation Studies Branch announces the launch of <em>Radiation Basics Made Simple</em>, the first in a series of radiation preparedness training modules. <em>Radiation Basics Made Simple</em> introduces participants to the fundamentals of radiation and radioactivity.</th>
</tr>
</thead>
<tbody>

<td></td>
</tr>
<tr>
<td>Enroll in LMS Course #: <strong>CDC-MYTHS</strong></td>
<td></td>
</tr>
</tbody>
</table>

**OBJECTIVES:** At the conclusion of the session, the participant will be able to:

- Describe seven common misconceptions associated with radiation.
- Debunk seven misconceptions using science-based explanations.
- Discuss one strategy to communicate accurate information during a radiation emergency for each misconception presented.
Packaging and Shipping Division 6.2 Materials Online Course

**LMS Course Completion Requirement:**
“Message” TRAIN Certificate to Course Administrator

**Continuing Education:** 2 CEUs

**Course ID 1017204**

**Enroll in LMS Course #:** [CDC-PS2014](#)

---

Who Should Attend:
This course is intended for those learners seeking recertification in packing and shipping of infectious substances (Division 6.2 materials). This course does not apply to individuals seeking initial certification.

Packaging and shipping Division 6.2 materials, such as patient specimens containing infectious materials and cultures, are regulated by U.S. and international transport agencies. Fines and penalties can be imposed against those who fail to comply with the applicable rules including proper classification and documentation of training, proper packaging, marking and labeling and proper shipping documentation. Updated for 2014, this intermediate-level online course, designed for individual study, is suitable for those seeking re-certification. Participants are provided with information useful for complying with regulations through use of instructional content and the opportunity to apply knowledge using realistic scenarios. This course should take approximately 2 hours to complete.

**Objectives:** At the conclusion of this program, the participants will be able to:
- Classify specimens as an exempt human or animal specimen or either category A or category B infectious substance.
- Identify basic packaging concepts and processes for exempt human and animal specimens, category A and category B infectious substances and dry ice.
- List the documents required to accompany packages containing category A and category B infectious substances.
- Describe the documentation process for category A and category B infectious substances including specific differences dependent upon mode of transportation.

RSS-101

Receiving, Staging, and Storing (RSS) Training Video

**LMS Course Completion Requirement:**
“Message” TRAIN Certificate to Course Administrator

**Course ID 1017208**

**Enroll in LMS Course #:** [RSS-101](#)

This 14-minute videoarchive provides an overview of receiving, staging, and storing (RSS) Strategic National Stockpile (SNS) assets in the event of a public health crisis. It is designed to provide information to organizations and personnel involved in Strategic National Stockpile RSS functions.
# Federal Emergency Management Agency (FEMA) Courses

## FEMA IS-100.C

**Introduction to Incident Command System**

<table>
<thead>
<tr>
<th>Provider: FEMA Independent Study</th>
<th>ICS 100, Introduction to the Incident Command System, introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).</th>

Looking to earn continuing education (CE)? Project Firstline is excited to announce the launch of two new CE courses:

- **Ventilation, Source Control, and Hand Hygiene** – Learn how ventilation, hand hygiene, and source control keep germs from spreading in healthcare facilities.
- **How COVID-19 Spreads** – Understand how COVID-19 spreads, why infection control actions for COVID-19 focus on keeping respiratory droplets out of the air and away from other people, and why infection control actions for COVID-19 work for new strains of the virus.

If you haven’t already, we also encourage you to check out our other CE courses on infection control:

- **Introduction to Infection Control and Virus Basics**
- **Injection Safety**
- **PPE Basics**
- **Respirator Basics**
- **Environmental Cleaning and Disinfection Basics**

You can find all courses at [Training and Continuing Education Online (TCEO)](https://www.cdc.gov/training), and available CE includes CME, CNE, and CPE.

[Earn a certificate of completion](https://www.cdc.gov/training) for watching *Inside Infection Control* episodes on CDC TRAIN. Launch the video from TRAIN to receive your certificate.
