<b>12:00 PM</b>	<b>Meeting Concludes</b>

## Subject Matter Expert Information

**Seema Nayak** will be available throughout the workshop as a subject matter expert to answer technical questions and provide support as needed to counties during the breakout sessions. Seema is a Research Scientist at the NYS Department of Health Bureau of Environmental and Occupational Epidemiology.

## Breakout Discussion Questions for Early Contemplation!

- What is your climate and health priority area(s)?
- What adaptation would you like to focus on?
- Are you expanding on an existing activity or starting something new?
- Are you the responsible entity for this adaptation or a “seat at the table”?
- Who else is working on this issue in your agency? In your community?
- Who else could/should be a partner?
- What are your next steps and what do you need to make it happen?
